Interior Renovations at the Shepherd Park Library

SECTION A – HISTORY AND BACKGROUND

The District of Columbia Public Library operates 26 libraries throughout the District of Columbia. The main central library, the Martin Luther King Jr. Memorial Library (“MLK Library”), is located at the corner of 9th and G Streets, N.W. The remaining branch libraries are scattered throughout the District. Over the past several years, DCPL has undertaken comprehensive renovations of and new construction of a number of the branch libraries as well as plans for the renovation of MLK Library. The Shepherd Park Library, one such branch library is the subject of this solicitation.

The Juanita E. Thornton/Shepherd Park Neighborhood Library at 7420 Georgia Ave. NW opened to an appreciative community on July 29, 1990. The dedicated efforts of neighborhood residents, led by a retired D.C. school teacher, Juanita E. Thornton, made the branch a reality after five years of planning. Initially known as the Shepherd Park Branch, the name was changed in 1992, when the neighborhood and Board of Library Trustees voted to amend the name to honor the woman principally responsible for the library’s completion.

Situated in the northernmost section of Northwest, the branch serves the community of Shepherd Park and was intended to supplement the services of Takoma Park Neighborhood Library, built in 1911. The Juanita E. Thornton Neighborhood Library, a $3.3 million facility, was built with funds included in the District’s supplemental budget of 1985. The library was the second D.C. library designed by the architectural firm of Bryant and Bryant.

After three years of planning, ground was broken for the new Shepherd Park Neighborhood Library on September 26, 1988. The facility consisted of a two-story, reinforced concrete structure faced with "Calvert Rose" brick. The building featured an irregular shape, consisting of interlocking geometric shapes that resembled clustered towers and numerous, generously sized windows. The building contained reading rooms for children and adults, audio-visual facilities, an auditorium, several meeting rooms and exhibit space. Space was provided for 48,000 volumes in the book stacks.

The Shepherd Park Neighborhood Library opened July 29, 1990, with a collection of more than 20,000 books, tapes, records, CDs and magazines. The first branch librarian was Winnell Montague, a 20-year library veteran.

In October 1992, the library held a renaming ceremony to honor Juanita E. Thornton, the primary force behind the establishment of the branch. Thornton had passed away on September 14, 1990, and the community wanted to recognize her efforts and create a memorial to her memory. Thus, the Shepherd Park Branch became the Juanita E. Thornton/Shepherd Park Neighborhood Library.

SECTION M - EVALUATION FACTORS

M.1 EVALUATION FOR AWARD

The contract shall be awarded to the responsible Contractor whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores shall not necessarily be determinative of the award. Rather, the total scores shall guide the District in making an intelligent award decision based upon the evaluation criteria.

M.2 EVALUATION CRITERIA

Proposals shall be evaluated based on the following evaluation factors in the manner described below. Each proposal will be scored on a scale of 1 to 100 points. In addition, Offerors will be eligible to receive up to 12 preference points for participation by Local, Small or Disadvantaged Business Enterprises as described in the RFP. Thus, the maximum number of points possible is 112.

M.2.1 Factor 1 – Relevant Experience, Capabilities & References (0 - 25 Points)

DCPL desires to engage a Contractor with the experience necessary to realize the objectives set forth in this RFP. In particular, Offerors will be evaluated based on their demonstrated experience in delivering similar projects on-time and on-budget in the last 5-years. The Offeror shall include detailed descriptions of no more than three (3) projects that best illustrate the Offeror’s experience and capabilities relevant to this project. On each project description, please provide all of the following information in consistent order:

i. Project name and location including the Name, address, contact person and telephone number for owner reference.

ii. Brief project description including square footage, firm’s scope of work, and key firm strengths exhibited.

iii. Identification of personnel involved in the selected project who are proposed to work on this project.

iv. Project process and schedule data including construction delivery method, and construction completion date (any unusual events or occurrences that affected the schedule should be explained).
v. Construction cost data including estimated budget, and actual construction cost (if actual construction cost exceeds original, please explain why).

M.2.2 Factor 2 – Key Personnel (0 - 20 Points)

DCPL desires that the offeror assign to this project personnel who have the necessary experience and professional credentials for the role each such individual is assigned. The availability and experience of the Contractor's key personnel assigned to this project will be evaluated as part of this factor.

The Offeror shall set forth in its proposal the names and reporting relationships of the key personnel the Offeror will use to perform the work under the proposed contract. The Offeror's proposal shall include resumes for the proposed Key Personnel and percentage of time each will be devoted to the contract. The resumes shall contain, at a minimum: company name/address; telephone number; points of contact; duties performed by individual personnel; dates employed; qualifications; experience; skills; availability; and credentials (education, training and certifications).

The Offeror shall also identify whether each proposed personnel is a current full-time employee, current part-time employee, contingent-employee, consultant, subcontractor, or other.

M.2.3 Factor 3 - Management Plan (0 - 20 Points)

Offerors shall submit a Management Plan. The Management Plan should clearly explain how the Offeror intends to manage and implement the project. Among other things, it should (i) provide a list of value engineering recommendations, (ii) identify the key personnel and their specific roles in managing the Project; (iii) identify the key milestone dates and provide a narrative of the sequencing of activities and how the milestone dates will be achieved; (iv) describe the cost control management structures that will be used to ensure the Project is delivered on-budget; (v) identify the key challenges inherent and specific to this project and (vi) explain a 'value added' approach to overcome or mitigate the challenges; DCPL will also consider the experience that the Contractor and its team members have working together on similar projects.
M.2.4 Factor 4 - CBE Utilization Plan (0 - 10 Points)

DCPL desires the selected Contractor to provide the maximum level of participation for Local, Small and Disadvantaged Business Enterprises as well as employment opportunities for District of Columbia residents. Offerors shall submit a LSDBE Utilization Plan that describes demonstrated past LSDBE utilization experience and/or how this goal will be met.

M.2.5 Factor 5 - Price (0 - 25 Points)

The price evaluation shall be objective. The Offeror with the lowest price shall receive the maximum price points. All other proposals shall receive a proportionately lower total score based on the range of prices quoted. Offerors shall submit the pricing information required by Section B.3 of this RFP. The following formula shall be used to determine each Offeror's evaluated price score:

\[
\frac{\text{High Price} - \text{Offeror's Price}}{\text{Highest Price} - \text{Lowest Price}} \times 25 \text{ Points} = \text{Evaluated Price Score}
\]

A portion of the price points shall be allocated to each cost component and price points for each component shall be calculated based on the above formula.

M.2.9 Preference Points

Total of 12 preferences points shall be awarded as stated in Section M.4.

Total possible points = 112

M.3 EVALUATION OF PROMPT PAYMENT DISCOUNT

M.3.1 Prompt payment discounts shall not be considered in the evaluation of offers. However, any discount offered shall form a part of the award and shall be taken by the District if payment is made within the discount period specified by the Contractor.

M.3.2 In connection with any discount offered, time shall be computed from the date of delivery of the supplies to carrier when delivery and acceptance are at point of origin, or from date of delivery at destination when delivery, installation and acceptance are at that, or from the date correct invoice or voucher is received in
the office specified by the District, if the latter date is later than date of delivery. Payment is deemed to be made for the purpose of earning the discount on the date of mailing of the District check.
