

**DETERMINATION AND FINDINGS
FOR
SOLE SOURCE PROCUREMENT**

FINDINGS

1. Authorization:

19 DCMR § 4320.7.

2. Minimum Need:

The District of Columbia Public Library has a need for a contractor to provide Web Hosting Services to its Web Intranet Sites and the Digital Archive Website. These sites require a reliable and secure hosted environment.

3. Estimated Fair and Reasonable Price:

\$40,185.00.

4. Facts That Justify a Sole Source Procurement:

- A.** The Triage Group was the original architect and engineer for dclibrary.org. It holds unparalleled knowledge of this site that could not be competitively obtained.
- B.** The Triage Group is the only DBE Company authorized to participate in the Federal E Rate program, a key component of the DCPL's technology strategy.
- C.** The Triage Group is the only LSDBE vendor that offers cloud computing hosting and support service.
- D.** There are no other CSBE firms that provide E Rate reimbursable web hosting services. So essentially there are no other sources for Web Hosting support Services.

5. Certification By the Contract Specialist:

I hereby certify that the above facts are accurate and complete.
